

## **The Ultimate Eucumbene/Thredbo River Spring Fly Fishing Clinic**

September 30 – October 1

To coincide with the official opening of the 2006/7 trout fishing season

The fly fishing clinic is designed for both beginners and experienced anglers with a minimum of **1 team member to 2 anglers**. This will mean a lot of one on one tuition from the **Australian Fly-Fishing Team** members who will be competing at the World Championships in Finland in 2007. The Australian team has been selected following their State Championships and then the National Championship in Tasmania. These guys rely heavily on being able to nymph-fish rivers expertly. To put it simply – they're the best in the business!

They will be covering:

**reading the river**

**where to fish**

**spotting and casting to fish**

**flies**

**leaders and knots**

The clinics will be suitable for any skill level.

You will learn more in two days than you would pick up fishing by yourself in two years.

This course will be held in the Providence Portal area and fishing the Eucumbene River or Thredbo River based out of Jindabyne – you choose which river you would like to fish!

You can arrange your own accommodation.

Travel to and from is your care.

They'll supply you with a cut lunch and some liquid refreshments on both days.

### **DONT MISS OUT ON THIS WONDERFUL OPPORTUNITY**

Cost: \$500.00 per person for the weekend. Just come with your fly rod and waders and they'll put you onto the fish! They'll supply you with the appropriate flies to fish with.

#### **Contact:**

**Jim Davis**                    **0429101724** (Captain of the Australian Team)

**Jim Williams**            **0417825567** (President of Fly Fish Australia)
