

## Andrew Scott

Experience. I have been fly-fishing since the age of six. I started on the local rivers in Scotland where I grew up. On moving to Australia in 1963, I joined the Sunshine and Southern flyfishers. This is where I learned my craft fishing the local rivers and lakes, I'm also involved in tournament casting which I'm the current Victorian dry fly accuracy champion. And Australian wet fly champion, 07

Fly-tying is also a passion which I've been doing for over 30 years and still enjoy to this day.

I started competitive fishing at club level and, over the years I've won many club championships and awards. Since then, I've fished all over Australia, New Zealand, and overseas. My passion is river fishing although I'm just as happy on lakes.

Achievements. I've won the vic state championships, 2<sup>nd</sup> place three times at nationals, won it in 2000 also many bronze and team medals.

I've represented Australia at five world championships. Ireland, Australia, England, Sweden, and France.

Highlights have been, being on the 99 winning team on home soil, and winning team bronze in England the following year, also 5<sup>th</sup> place for the team in Ireland in 95. I've also fished in commonwealth championships in

Scotland. And I'm currently on the Oceania team for 07 in Tasmania.

My best results in worlds have been 7<sup>th</sup> place in 99, 13<sup>th</sup> place the following year in England. and my other placings have been respectable.

I think I bring to a team, Experience and dedication to the job at hand.  
I'm a 100% team player and totally committed to winning gold for Australia.

Regards.

Andrew Scott.
